Right On... FROM THE PUBLISHER'S PEN

by Fitzgerald Beaver
editor & publisher

"I SHALL PASS THIS WAY BUT ONCE; THEREFORE ANY GOOD THAT I CAN DO OR ANY KINDNESS THAT I CAN SHOW LET ME DO IT NOW FOR I SHALL NOT PASS THIS WAY AGAIN.

It's the season to be jolly. We are going around and saying that this season...saying it to our friends. And we feel that we've got many friends. But right now is the time for us to be serious. And I believe that we should reflect on a statement that I heard someone make: "I know what my enemies will do. Lord, protect me from my friends."

We in America should give serious consideration as to who our friends and enemies are. And this holiday season we should start thinking. You know, we decry the evils of Communism. We have been told that their aim is to bury us. We read constantly that the precepts of Communism are in direct opposition to the principles of Democracy. We are told that we must be ever vigilant or the Communists will take over. Yet, while we are being warned against Communism and its forces of evil, we sell to Russia, the foremost exponent of Communism, millions of tons of U.S. wheat. In addition to this, the grain shortage in America causes the price of flour and bread to soar. For years Americans have imported oil from our friends the Arabians. The prices have recently gone up tremendously. Since the energy shortage it has always been believed that the Arabs owned the land where the oil is and that the American oil industry did the developing....such as drilling, construction and so forth. Now we find that the Arabs own the land, own the companies and own the oil. So it looks like we no longer have friends in Arabia. Or do we? Or were they ever our friends? Or are we blaming the wrong people?

We Americans really need an office of information to keep us informed. Maybe it would be nice to stop trying to buy friendship abroad and put more money into the well-being of our people at home. Then the friends we had would be on the basis of friendship and not dollars. It's really amazing how the Americans have spent billions of dollars to rebuild the countries it fought against during World War II, yet thousands of our American citizens, in this Christmas holiday season, still live in poverty and squalor and under the most adverse conditions. It looks like we really need some friends right here at home in the halls of congress, and in the White House, and in the legislature, the Governor's Mansion, in the council chambers and in the mayor's office. We ask you to think, this Christmas season, where and who are our friends.

Yeman Temple No. 152 Holds Christmas Party

Yeman Temple #152 Xmas party was held Saturday, December 21. There were about 200 people there. The kids got presents and had a wonderful time.

Sickle Cell Program Receives Check

Frank Burroughs, Jr. - John L. Casteele, Jr.

L-R: Mrs. Antoni Headen, Chairlady C.G.C.S.#46; John Casteele, C.E.Drew Sickle Cell Clinic President; Mrs. Thelma Davenport, Assistant Chairlady; Octavia O. Charles, Assistant Lawlady of Order Ruler C.G.C.A.#46.

The Cascadian Golden Circle Assembly #46 of Tacoma, Wa. presented a check to the Charles E. Drew Sickle Cell Clinic in the amount of $290.00. The Cascadian Golden Circle Assembly gave a tea on Aug. 11, 1974 for the purpose of raising money for the Sickle Cell Clinic. The check was presented to Mr. John L. Casteele Jr. President of the Charles E. Drew Board of Directors which serves as an advisory board to the Washington State Sickle Cell Anemia Clinic.

The Cascadian Golden Circle Assembly Committee members are: Mrs. Antoni Headen, Chairlady; Mrs. Thelma Davenport, Assistant Chairlady; Mrs. Theresa Hooks; Mrs. Carrie Warren; Mrs. Betty Lindsey; Mrs. Juanita Woods, and Mrs. Sieglinda Black.

Washington Fair Plan Elects Officers

At the recent Annual Meeting of the member companies of the Washington Fair Plan, the following officers were elected for ensuing years: Chairman Roy E. Pirie - Commercial Underwriting Manager, Nothewest Division Safeco Insurance Company; Vice-Chairman Donald J. Hitchcock - Resident Vice-President - Fireman's Fund American Companies; Sec. Treasurer David B. Winn - Underwriting Manager, Regional Office, Allstate Insurance Company. Mr. Harold Brungardt, Regional Underwriting Manager, Farmers Insurance Group and M. D. Verretto, Underwriting Manager - Washington Division Unigard Mutual Insurance Group, were also elected to the Governing Committee.

Traveling Games For Kids

If you can keep children's minds active on a long trip, you'll win the battle of boredom and reach the end of a long day's drive with everyone in better spirits.

Keep their minds active, and you'll have a better chance of keeping their bodies quiet.

Divide the family into two teams (excluding the driver, who needs to watch the road) with one team watching the left side of the road and the other team observing on the right side. Decide what you will look for—horses, cows, sheep, tractors or what-have-you. Set a goal of 25 or 50 and start counting whenever a team member sees one of the objects.

For very little money, you can buy activity books with enough puzzles, connect-the-dots, and other games to keep small children occupied for miles.

One member of the family thinks of some object in the car. Others take turns trying to identify it by asking questions that can be answered yes or no. Whoever guesses the object first gets to think of the object for the next game.

Count cars. Jack gets the red Plymouths and Jane gets the blue Plymouths. See who can spot 10 of the cars he chooses.

Upendo Club Gives To Needy

A needy Tacoma family received a box of groceries and a check in the amount of $25.00 from the Upendo Club. This year the club focused its thoughts toward the spirit of giving at Christmas time. We realize our contribution was but a small one but this is our way of showing the community that we share thoughts of those people in the community who are in need. The groceries and $25.00 was presented to a Tacoma mother of seven children.

MDC Program

by Ted Silva

On December 23, Executive Director, Linsey Hinand and of the Metropolitan Development Council called a staff meeting to report that the situation at MDC has not been reversed but looks better since the last staff meeting. The situation refers to the termination notices given to MDC employees a couple of weeks ago.

Linsey reported that the program review of MDC went well. Also reports from sources in Rep. Hicks office suggest that the bill to continue funding of OEO programs looks good.

Linsey is now waiting for a letter from Region 10 of OEO before going before the Board of MDC to rescind the termination notices.

Linsey also said that the discrimination investigation brought against him will not affect the funding of the program.

YMCA Program

Coeducational judo and karate classes will be among programs the Tacoma Family YMCA will offer when its 1975 winter schedule begins Jan. 6.

Registrations for the winter programs are now being accepted, according to John Morgan, YMCA executive director.

The karate and judo classes are open to youth eight years and older and adults. The Y offers gymnastics classes for boys and girls in first through ninth grades as well as a wrestling course to prepare boys between the ages of 8 and 14 for competition. A kinder gym program is open to children between the ages of 3 and 6.

The YMCA also will continue its fitness programs for men and women and a recreation gym for youth through high school.

In addition, the YMCA offers adult programs in handball, weightlifting, basketball, racquetball and volleyball for men and women.

Club Receives Recognition From Sickle Cell Program

On Friday, December 13, 1974, the Upendo Club received a certificate of award in recognition of distinguished achievement in service to Charles E. Drew Sickle Cell Clinic. On hand to receive the award was Lela Dacus, currently President of the Upendos. Ms. Dacus states on behalf of the club, "we feel deeply grateful that our services have been appreciated by the sickle cell program if needed in the future. The award along with other awards was presented at the first annual meeting of the Charles Drew Board of Directors.

Beauty Is Their Business

One of the finished beds at Heartwood Elementary School gets a bit of TLC (tender loving care) from grade school students under the supervision of a landscape construction student from Clover Park Vocational-Technical Institute.

Two more beds at Heartwood Elementary School were landscaped and planted by grade school students working with students in the landscape construction class at Clover Park Vocational-Technical Institute. Four beds have been finished with eight more slated for completion this year as grade school students raise funds for topsoil, plants and shrubs.

The "dirt flew and beauty grew" as students at Heartwood Elementary School and Clover Park Vocational-Technical Institute joined forces for an environmental project on the grade school grounds at 4010 Woodbrook Drive S.W.

The idea to beautify 12 beds among wings of the Heartwood school was generated in Student Council and has been accepted by the entire school.

Principal Robert Charles related that the skills and knowledge to transform the rock and weed-filled beds into garden spots have come from the Landscape Construction class and Instructor Ed Rosage at Clover Park V-TI. The first four beds were finished in time for the school's Christmas program.

The other eight beds will be completed during this school year as elementary students raise funds to cover costs of topsoil, plants and shrubs. Cost for each bed is about $50.

The school principal said that elementary students of the Good Citizenship program in Grades 4, 5 and 6 are selected to work with the V-TI students on the project.

Money has been raised by the students of the elementary school through a Book Fair, ice cream sales and monthly cookie sales.

Principal Charles said that the beautification project has already developed a school pride and an appreciation for environment among the students. He pointed out that a side benefit is the contact with students of Clover Park V-TI and exposure to career awareness.

DEPARTMENT OF HOUSING AND URBAN DEVELOPEMENT (HUD)

SPECIAL OFFICIAL NOTICE TO REAL ESTATE BROKERS

HUD OWNED PROPERTIES AVAILABLE ON A "FIRST COME FIRST SERVED" BASIS

Attention is drawn to those following properties which have been previously listed for sale and are now available for immediate sale on a "first-come, first-served" basis. All purchase offers should be made through a licensed real estate broker of the purchaser's own choice. Purchasers should consult their real estate brokers for more complete details concerning the listed properties and for the proper procedures for submission of purchase offers. These procedures are also outlined in the monthly HUD Public Information Release, which is available to all approved brokers and the general public. Errors in these listings do not become official through publication. All data, including price, must agree with the files in the HUD Seattle office. Brokers may present purchase offers any time between 8:00 A.M. and 4:30 P.M., Monday through Friday to the Department of Housing and Urban Development, 500 Union Street, Seattle, Washington 98101.

REPAIRED AND PARTIALLY REPAIRED PROPERTIES

(NOTE: FHA-insured financing is available on the following listed properties, and any purchase offers must be submitted in accordance with outstanding instructions issued by the Department of Housing and Urban Development.)

Rap On Planned Parenthood

By Bil Moss, Executive Director
Marguerite Morehead, Education Director

The challenge of Planned Parenthood of Pierce County is not to avoid over-population. It is not to conserve our scarce resources. The overriding challenge and need of Planned Parenthood of Pierce County is to provide voluntary family planning services, education and referral to all persons of child-producing age in Pierce County.

Planned Parenthood of Pierce County rejects the dictation of the number of children a woman should have. It believes every woman has the right to control her own fertility; every man has the right and responsibility to be the essential support system for that woman in her family-planning efforts and that every child has the right to be wanted. However, to say a person has a right without providing the knowledge and techniques to exercise that right is to make mockery of that right. Family planning includes contraceptive services but is more than that--it is providing emotional support for which family members depend on each other; it helps develop the economic foundation of a strong family; it enhances the sexual pleasure and the feeling of belonging it provides; it also makes possible personal fulfillment of the individual.

Success in family planning should not be measured by the number of women using contraceptives alone, but should relate to the number of families pleased with family planning activities which provide emotional, economic and pleasurable experiences. Great progress has been made in the area of family planning but the number of legal and illegal abortions, the number of neglected and battered children, the number of unfulfilled young people and the number of families broken by the pressure of one more unexpected child attest to the fact that there is much more to be done.

Planned Parenthood of Pierce County is dedicated to helping people deal with some of the above concerns. In its two years of existence its clinic service has increased five-fold. Its patient load has grown from an average of twenty patients per week to an average of one-hundred patients per week and still there's an undesirable waiting period. It has rendered information and education assistance to many of our junior and senior high schools, Remann Hall, Cascadia Diagnostic Center, Purdy Women's Correction Center, churches, women's groups and other organizations in Pierce County. Its paid, loaned and volunteer staff assist persons in making decisions for themselves that will reflect good individual choices. Planned Parenthood of Pierce County is here in case of crises but also is here primarily to help avoid crises.

In this coming year, we at Planned Parenthood of Pierce County hope that you will become increasingly aware of our services, that you will provide us with that feedback so needed to keep us accountable to you and most of all, that you will help us provide you with better services via your cooperation, support and participation in our program.

HAPPY NEW YEAR!

Something To Think About

BY Barbara Henderson

Well, in a few days another year will have passed and the year '75 will take its stand. The coming of the New Year is a sign of change, and the change should be in ourselves. What determined course of action are you going to take in '75?. Look back on the year '74 and see all the things you did wrong - but don't be discouraged - you have a whole year to improve these things (maybe).

What did you do last New Years? Did you go to a party? Get loaded? Are you going to do the same thing this year? Everything is so routine these days. Let's surprise someone this year and do something different. I mean, partying isn't everything. There are a lot of interesting things you can do on New Years. My New Years Resolution is to try and understand people better. What is your New Years Resolution?

Drop me a New Years line. Write to me, Barbara Henderson, in care of the TACOMA FACTS. Thank you. I wish you all a very, very Happy New Year!

JUST BOUGHT a new car? Drive extra carefully. During the first few months of owning a new car, you're more likely to have an accident. Nobody knows why for sure. It may be because the car is a bit unfamiliar. Or perhaps people let a new car go to their heads and drive faster. One thing the energy shortage has demonstrated is that slower driving does cut the accident rate—surprisingly. Statistically speaking, say the experts, each one-mile-per-hour drop in speed saves 1,500 to 2,000 accidents a year.
